Frank Lloyd Wright saw the world differently. And inspired us to do the same. Now, in the *Frank Lloyd Wright® Bath Collection by Brizo®*, we pay homage to his visionary spirit.

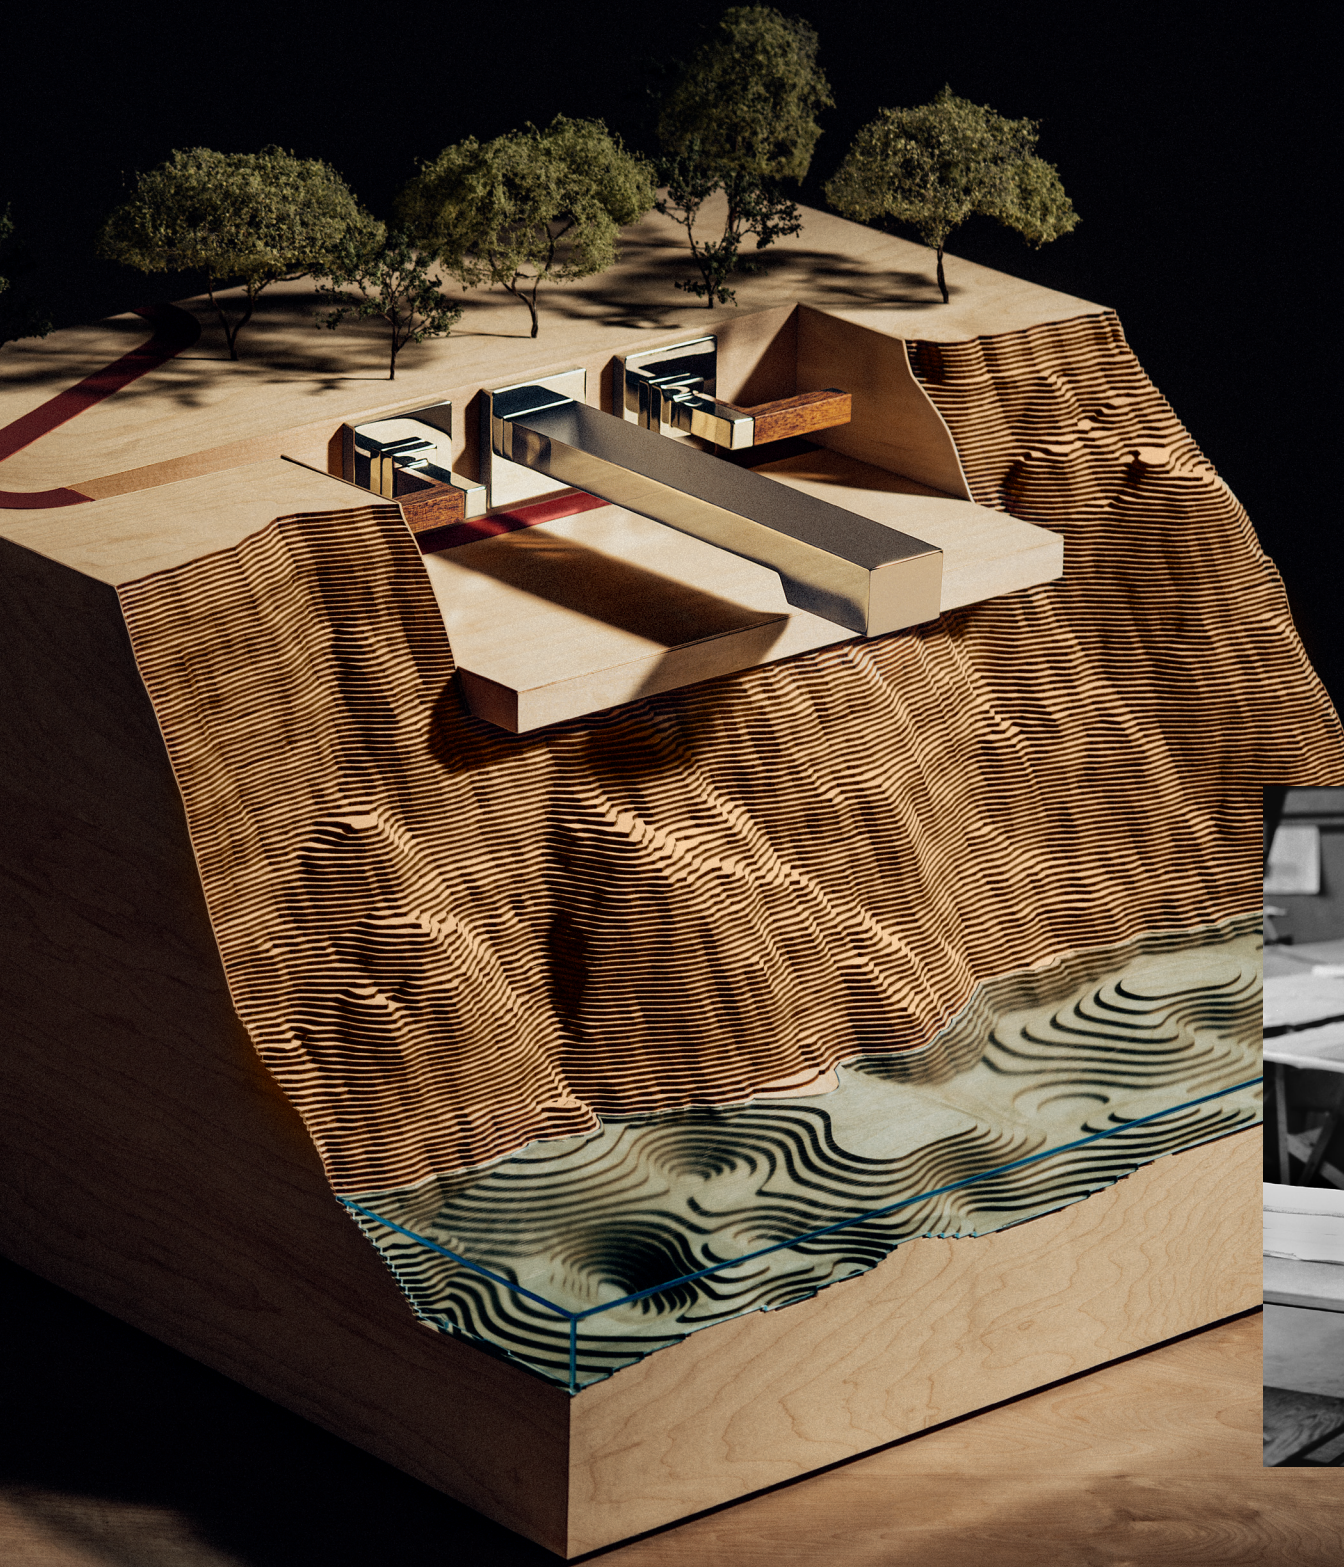

The collection dares to challenge and upend convention—and in doing so, honors Wright's legacy.

ABOUT *the* FRANK LLOYD WRIGHT FOUNDATION

We've been honored to collaborate with the Frank Lloyd Wright Foundation and share in their mission of inspiring people to discover and embrace an architecture for better living.

SIX PRINCIPLES *of* ORGANIC ARCHITECTURE

Inspired by Frank Lloyd Wright's oeuvre, this collection honors his philosophy of organic architecture by staying true to *six key principles*.

BELONGING ⁰¹

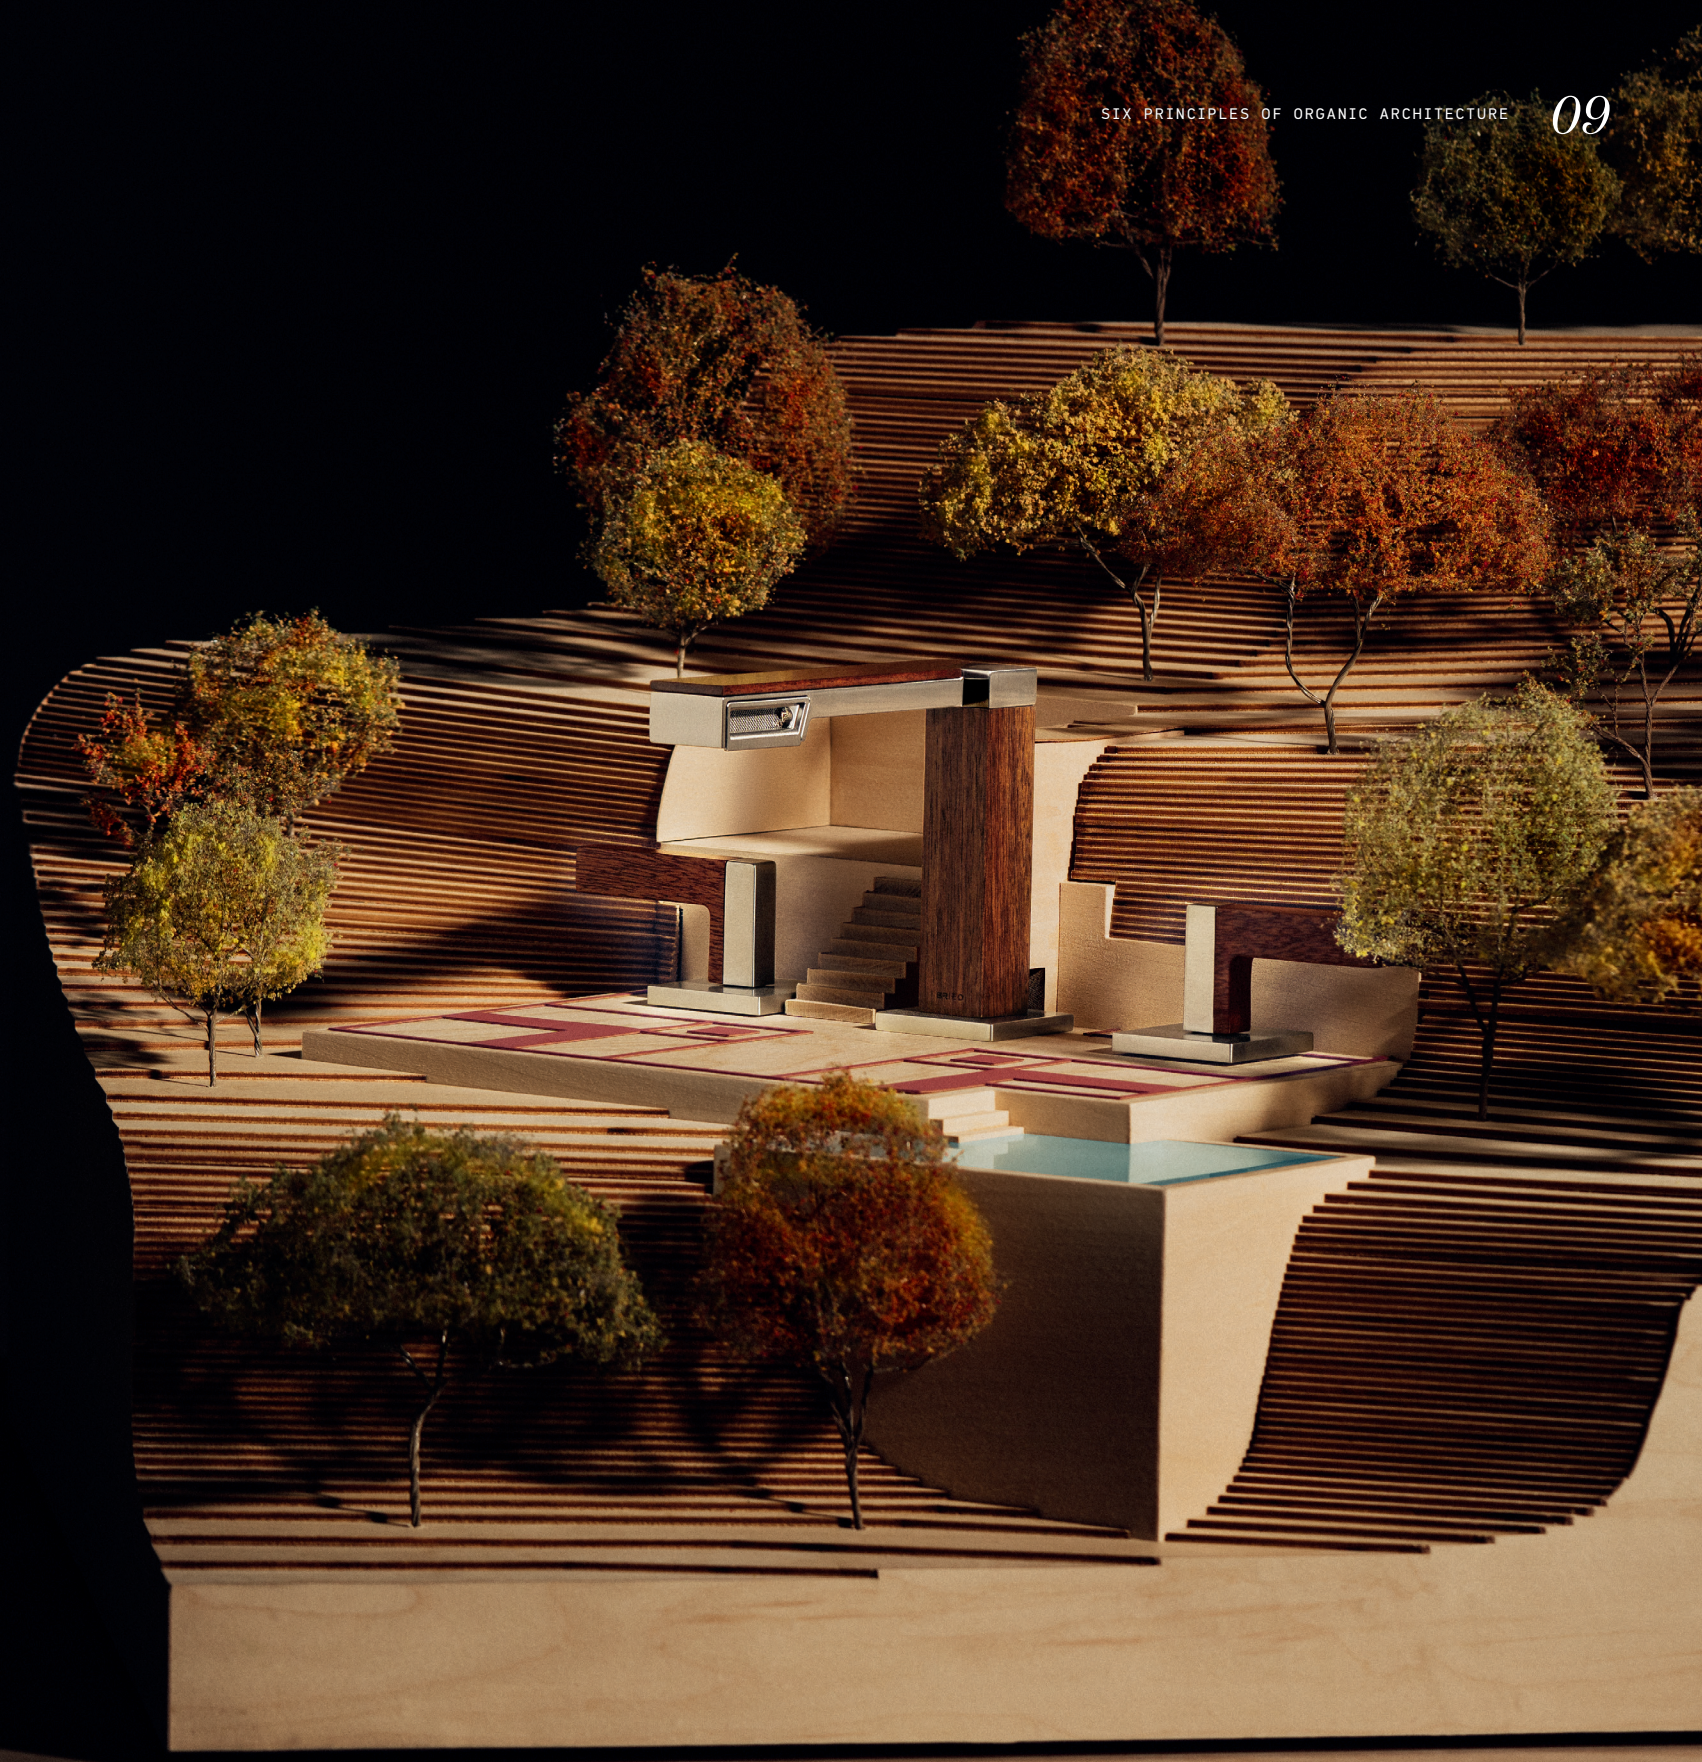

— This collection belongs harmoniously within the bath space, honoring Frank Lloyd Wright's philosophy that buildings should be of the landscape—not imposed upon it.

SIMPLICITY 02

The clean lines and restful compositions of this collection follow Frank Lloyd Wright's belief that the true value of a design is judged by its simplicity and repose.

INDIVIDUALITY 03

In keeping with Wright's emphasis on personalized design, this collection offers a variety of configurations and finishes to tailor the aesthetic to individual tastes.

PALETTE 04

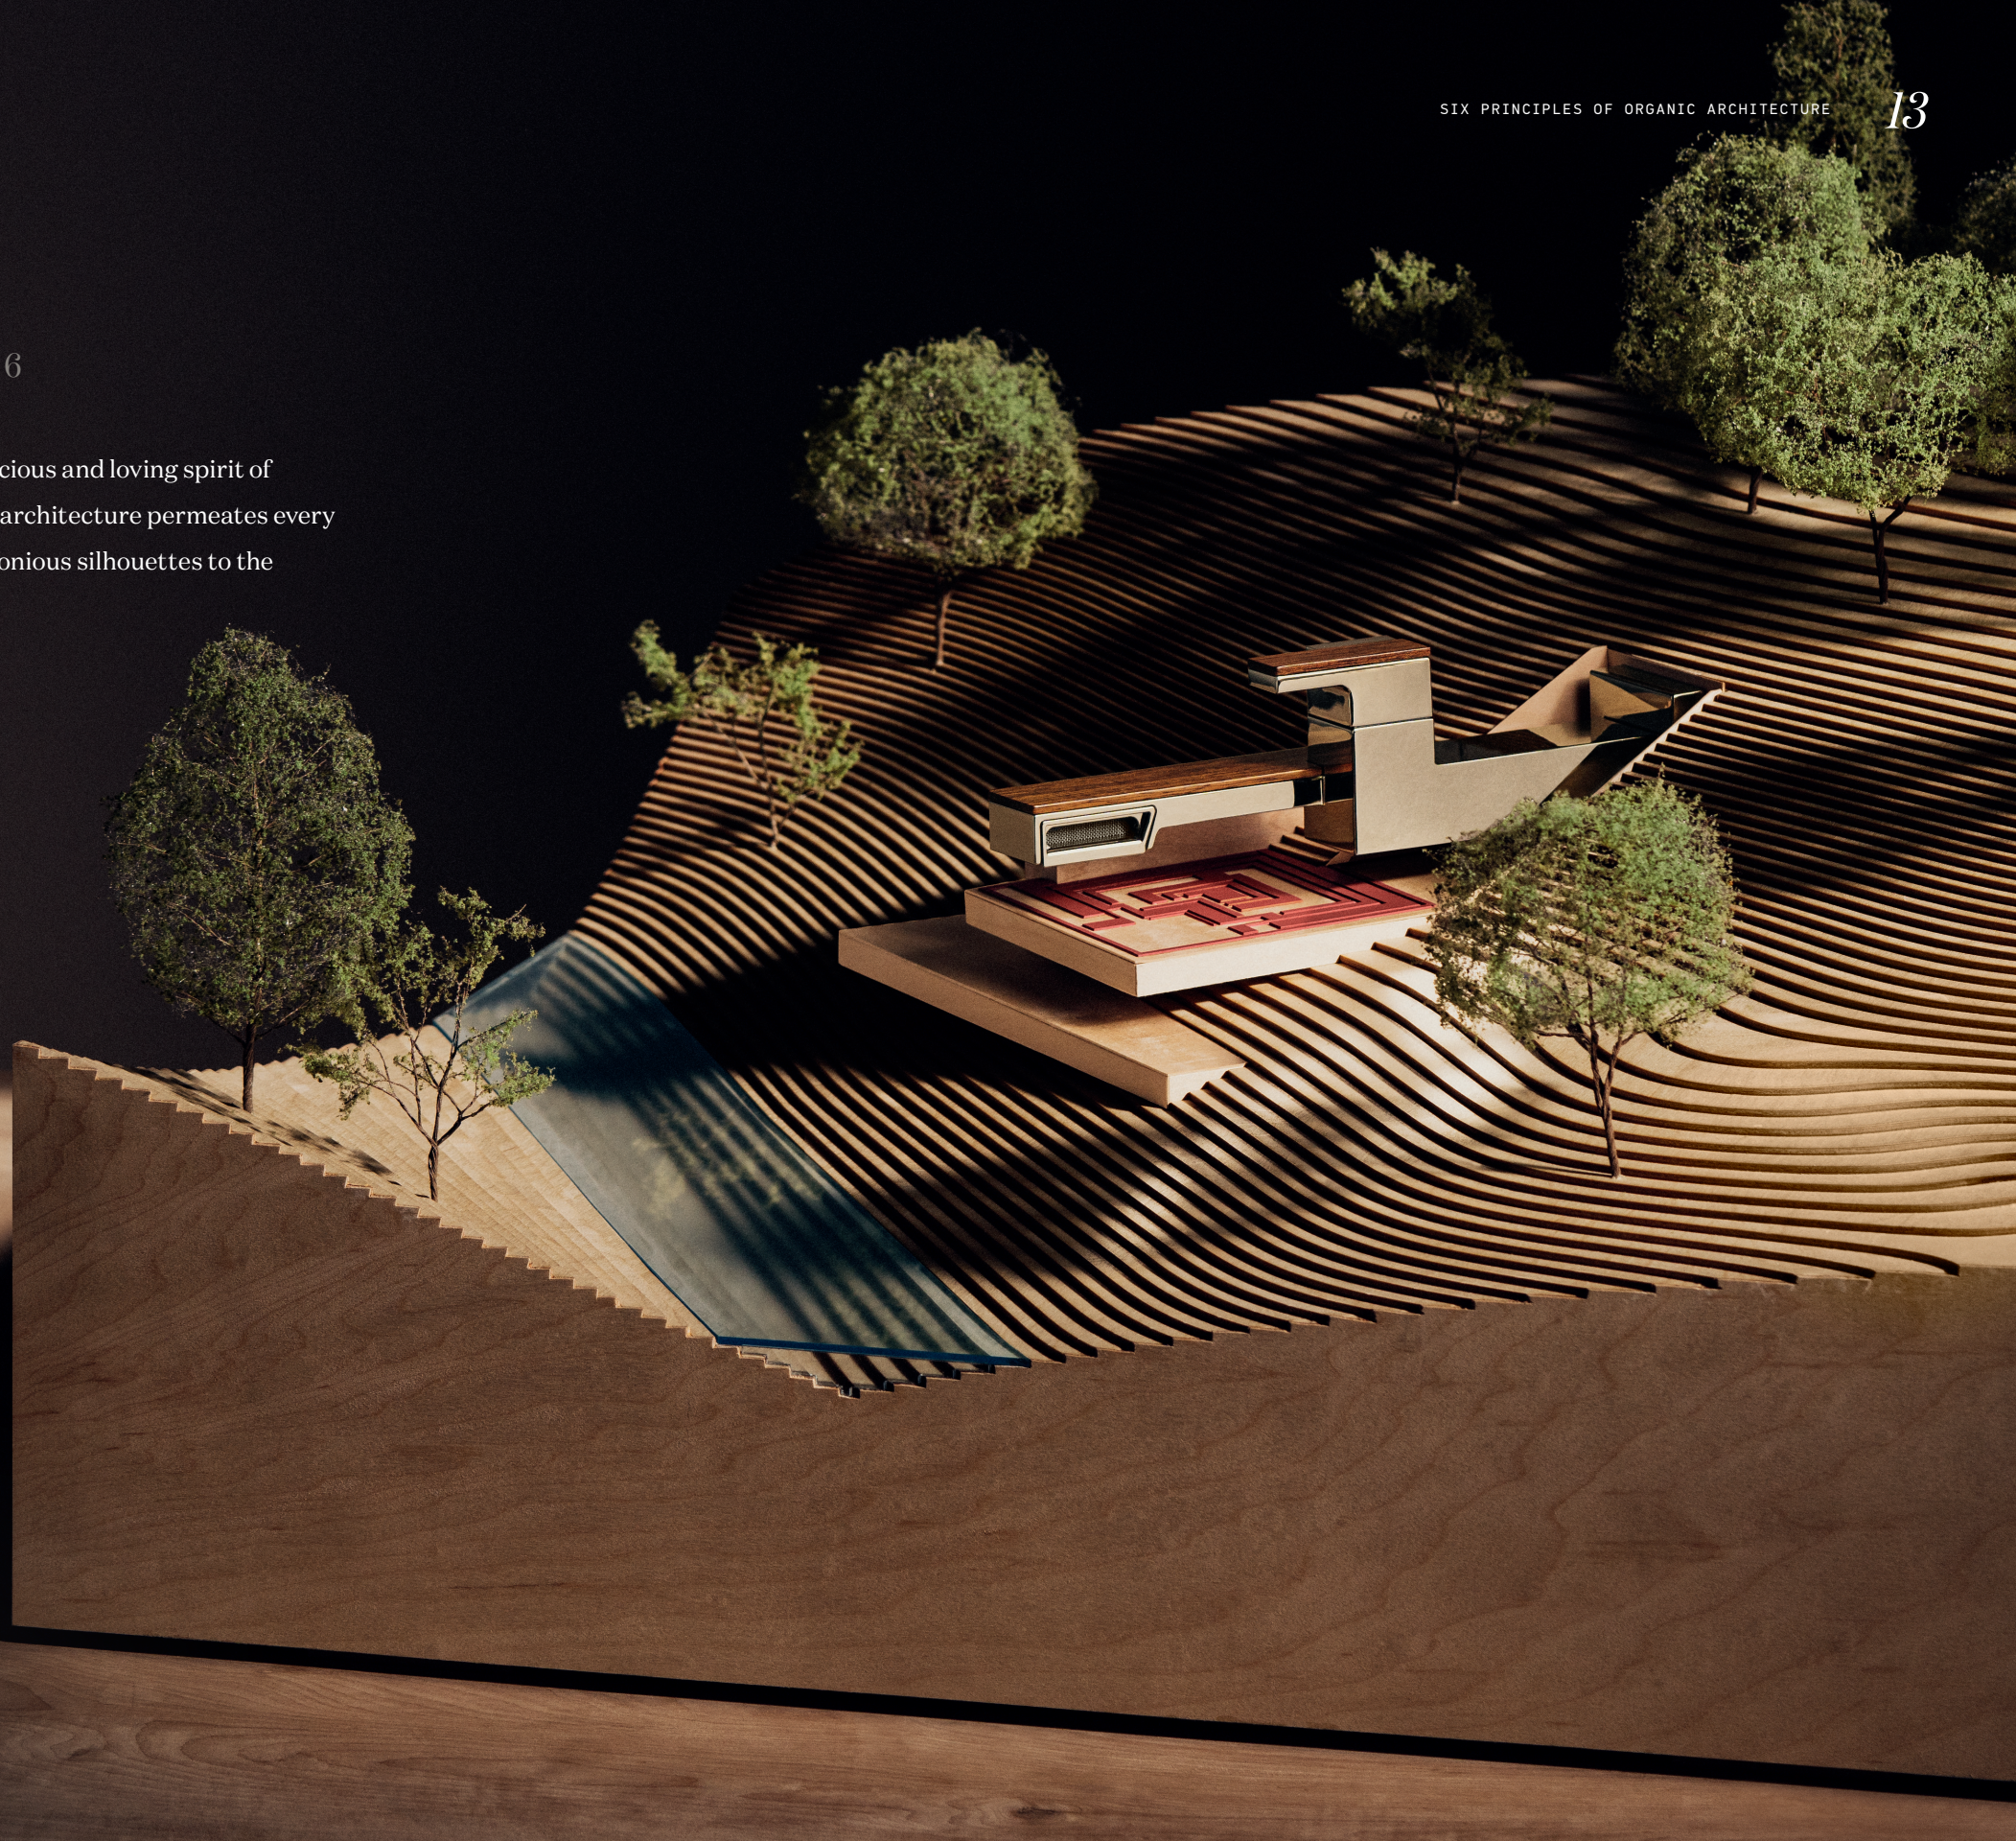

— The natural woods and elemental metals in this collection channel Frank Lloyd Wright's own palette: colors derived from the field and the woods.

SUBSTANCE 05

— Frank Lloyd Wright freely expressed the true nature of materials. This collection does the same, highlighting carefully selected finishes and accents.

INTEGRITY ⁰⁶

The sincere, true, gracious and loving spirit of Frank Lloyd Wright's architecture permeates every detail, from the harmonious silhouettes to the innovative water flow.

ELEMENTS *of* THE COLLECTION
