A LIFE *of*  
BEAUTY, ON YOUR  
OWN TERMS.

We believe fashion isn't a set of rules to be followed. It's the statement you make as you move through the world, the narrative you shape with every detail of your life. From the clothing you wear to the places you travel, the food you eat—and *yes*, the way you design your home—every detail should live in harmony.

Since our founding over 20 years ago, this philosophy has been our guiding light. We call it *living fashion*: the idea that every choice is an opportunity for self-expression, and every nuance helps tell your story. Because the one thing that can never be copied is staying true to yourself.

# *The* PRISTIVE™ TANKLESS REVERSE OSMOSIS SYSTEM

---

Water's most *perfect state*.

Experience the truest essence of water with the Pristive™ Tankless Reverse Osmosis System. Advanced six-stage filtration reduces more than 90 contaminants, leaving only the elemental beauty of water: as refreshing as it is revitalizing.

## Water Filtration

Pristive™ Tankless Under Sink  
6-Stage Reverse Osmosis System  
BWQ1001012

### Tankless Reverse Osmosis System

The Pristive™ System uses a six-stage filtration process to purify and enhance drinking water. First, a pre-filter and two core filters reduce toxins at the molecular level. Afterwards, an optional remineralizer infuses clean water with the very minerals that percolate the ground after rainfall—so the final product is naturally restorative and fresher in taste.

System ships with the Pre-Filter, Reverse Osmosis Filter and Carbon Filter.  
The Optional Remineralizer is ordered separately.

# BEAUCLERE™ BATH COLLECTION

---

A curious detail. An uncommon beauty. A puzzle left unsolved. The best part of a story is never its resolution. Because it's not the answer that fascinates us—it's the question. Replete with rich hues and stately architectures, the Beauclere™ Bath Collection draws on the ornate, yet peculiar charm of British manor homes. At every turn, it infuses lavish histories with a fresh, modern eye and celebrates the many-layered mysteries that captivate us time and again.

## ROOK® BATH COLLECTION

---

Combining a contemporary, masculine edge with a nod to early-1900s traditionalism, the Rook® Bath Collection by Brizo® is an arresting, modern interpretation of a stately aesthetic. Its octagonal base evokes the weighted refinement of a chess piece, combined with the debonair precision of a watch's gear. This is traditional, transformed.

# SHOWERS

A photograph of a modern shower stall. The walls are covered in dark, square tiles with light-colored grout. A large, circular, brass-colored rainfall showerhead is mounted on the ceiling, with water cascading down. A handheld showerhead, also in a brass finish, is mounted on the wall with a sliding bar. Water is spraying from the handheld showerhead. The lighting is dramatic, highlighting the water spray and the metallic finish of the fixtures.
